Text on Screen: [On July 24th The Washington Post published “Rest in peace, Microsoft Paint”]

Narration #1:

Fans of Microsoft's long-standing Paint program are suddenly feeling very blue. The company recently announced that Microsoft Paint is on a list of features that are set to be removed in the Windows 10 Fall Creators Update.

Text on Screen: [The same day, Microsoft responded on its blog]

Narration #2:

Today, we’ve seen an incredible outpouring of support and nostalgia around MS Paint. If there’s anything we learned, it’s that after 32 years, MS Paint has a lot of fans. It’s been amazing to see so much love for our trusty old app. Amidst today’s commentary around MS Paint we wanted to take this opportunity to set the record straight, clear up some confusion and share some good news:

MS Paint is here to stay
